

Student Evaluations

Alan K. Haynes

Here are some student comments that I believe support my teaching philosophy. My favorites are numbers 4 and 9:

1. "I enjoyed the class. My confidence in my ability to understand math is greatly improved. Thanks!" - Fall 2003
2. "I like how Alan showed us and made sure we understood the basics, and warned us what we need to know for calc... he somehow kept my attention during class and made math more enjoyable." - Summer 2004
3. "[Alan's] patience makes you want to learn to make him proud! Great class!"
- Summer 2004
4. "Mr. Haynes is the best math teacher I have ever had. I have always been scared of math, and for the first time I not only understand it, but I also enjoy it! He made me excited about math!" - Fall 2004
5. "You were a terrific professor. Truly enjoyed your class. Thanks for helping us in every way, I truly learned a lot. Keep up the great work." - Fall 2004
6. "I liked this class. He made it enjoyable to sit through. I would recommend him as a professor." - Fall 2004
7. "Mr. Haynes was friendly and that helped make the class enjoyable!"
- Fall 2004
8. "He showed a genuine interest in teaching the material and helping the students. I would recommend him to other students." - Fall 2004
9. "Thank you for your support and faith in me to complete this course... As hard as it was, I enjoyed your class." - Summer 2006
10. "Thanks Mr. Haynes. Great class-- never felt so confident about math before!"
- Summer 2006
