

Gary H. Jefferson **biography**

Gary Jefferson writes about institutions, technology, economic growth, and China's economic transformation. At Brandeis, Jefferson has joint appointments in the Department of Economics and the International Business School, where he teaches undergraduate and graduate courses in the economics of innovation, development economics, and China.. He also teaches a course on the Political Economy of China at the Fletcher School at Tufts.

Jefferson's publications include, *Enterprise Reform in China: Ownership, Transition, and Performance* (Oxford University Press, 2000), "What is Driving China's Decline in Energy Intensity?" *Resource and Energy Economics* (2004). "An Investigation of Firm-Level R&D Capabilities in East Asia," *Innovation and Production Networking in East Asia*, ed. Shahid Yusuf (2004), "R&D and Technology Transfer: Firm-Level Evidence from Chinese Industry," *Review of Economics and Statistics*, "Privatization and Restructuring in China: Evidence from Shareholding Ownership" *Journal of Comparative Economics* (2006), and "The Sources and Sustainability of China's Economic Growth," *Brookings Papers on Economic Activity* (2006). Jefferson's research is supported by the National Science Foundation and the Department of Energy.

A graduate of Dartmouth College (A.B.) and Yale University (Ph.D.), Jefferson has lived and taught at the Chinese University of Hong Kong and at Wuhan University in China and frequently travels to China for his research and speaking engagements. He recently spent his spring 2007 sabbatical at the Development Economics Research Center at Wuhan University, the Center for Chinese Economic Studies at Fudan University, and the Center for Chinese Economic Research at Peking University.
